WELCOME TO MAA MATHFEST 2022!

Welcome to Philadelphia, the City of Brotherly Love, and the first in-person MAA MathFest since 2019! We missed you dearly.

To make the most of this meeting, I encourage you to step outside your mathematical specialty and soak in new ideas. You do not have to be an applied mathematician to enjoy Suzanne Lenhart's Hedrick Lectures modeling environmental and health connections or Suzanne Weekes' Falconer Lecture considering wave propagation across interesting interfaces. Algebraists and non-algebraists alike will appreciate the noncommutative insights of Manuel Reyes or the parking function adventures from Pamela Harris.

All twelve of our invited speakers were chosen for their high-quality exposition. I am continually surprised by the unexpected connections I make when I attend invited lectures with an open mind and a joyful appreciation of mathematical ideas. Plus, this year's lineup of speakers is incredible.

I've attended MAA MathFest for more than twenty years and I'll share some of my tried and true recommendations on how to best experience the meeting with you:

- Take some time to wander the Exhibit Hall. You never know what you might find—maybe a new book or an old friend. The opening reception is Wednesday from 6-9 pm.
- Look to the MAA Pavilion for events and social activities throughout. Be sure to visit early because the Exhibit Hall closes Friday evening.
- Join me Friday from 7-8 pm for a new event, the President's Ignite Celebration. It will be a time to celebrate MAA, its members, and their achievements. There will be a series of 5-minute presentations that promise to be enlightening and entertaining.
- Afterwards, you can head over to the MAA Ice Cream Social and celebrate the student poster presenters.

All of the details for these events and more can be found in the chronological schedule in this program book.

As with many MAA MathFests, there are so many wonderful options that choosing what to participate in might be the hardest decision of your day. Panels, posters, town halls, minicourses, invited addresses, invited paper sessions, contributed paper sessions—surely there is something for everyone.

We've used our learnings from last year's first fully-virtual MAA MathFest to offer a hybrid experience for people who would like to join us in Philadelphia or online at home. We're excited to host you and have folks join from across the world.

What makes MAA MathFests most memorable for me are the people—checking in with old friends and making new ones. While we've been able to keep our community connected during this time of physical separation, it's a delight to be able to gather together again. You are the heart and soul of the MAA and I'm overjoyed to welcome you to MAA MathFest 2022.

Enjoy!

Jennifer Quinn

INVITED ADDRESSES

MAA EARLE RAYMOND HEDRICK LECTURE SERIES

Suzanne Lenhart, *University of Tennessee*

Lecture I - One Health and Modeling: Connecting Humans, Animals, and the Environment

Thursday, August 4, 11:00 am - 11:50 am, Salon GH

Lecture II - From Calculus to Optimal Control: Optimization for Sustainable Fishery Harvest

Friday, August 5, 10:00 am - 10:50 am, Salon GH

AMS-MAA JOINT INVITED ADDRESS

Manuel Reyes, *University of California, Irvine*

How Noncommutative Algebra Points toward Quantum Geometry

Thursday, August 4, 10:00 am - 10:50 am, Salon GH

MAA INVITED ADDRESS

Chris Jett, *University of West Georgia*

Empowering Black Male Students in Mathematics Contexts: Insights from a Critical Race Scholar

Thursday, August 4, 9:00 am - 9:50 am, Salon GH

MAA INVITED ADDRESS

Steve Strogatz, *Cornell University and National Museum of Mathematics (MoMath)*

Synchronization in Nature

Friday, August 5, 11:00 am - 11:50 am, Salon GH

INVITED ADDRESSES

MAA INVITED ADDRESS

Karen Marrongelle, *National Science Foundation*

Teaching Mathematics for the Future: Centering Student Thinking to Diversify STEM

Saturday, August 6, 11:00 am - 11:50 am, Salon GH

MAA JAMES R.C. LEITZEL LECTURE

Pamela Harris, *Williams College*

Parking Functions: Choose Your Own Adventure

Friday, August 5, 9:00 am - 9:50 am, Salon GH

AWM-MAA ETTA ZUBER FALCONER LECTURE

Suzanne Weekes, *Executive Director of the Society for Industrial and Applied Mathematics (SIAM)*

Continuity at Interfaces

Thursday, August 4, 2:00 pm - 2:50 pm, Salon GH

CHAN STANEK LECTURE FOR STUDENTS

Jeanette Shakalli, *Panamanian Foundation for the Promotion of Mathematics*

FUNDAPROMAT: My Story

Thursday, August 4, 1:00 pm - 1:50 pm, Salon GH

CHRISTINE DARDEN LECTURE

Marissa Kawehi Loving, *University of Wisconsin-Madison*

Determining Metrics Using Lengths of Curves

Saturday, August 6, 9:00 am - 9:50 am, Salon GH

INVITED ADDRESSES

MARTIN GARDNER LECTURE

Jason Rosenhouse, *James Madison University*

The History and Future of Logic Puzzles

Saturday, August 6, 2:00 pm - 2:50 pm, Salon GH

NAM DAVID HAROLD BLACKWELL LECTURE

Tai-Danae Bradley, *SandboxAQ*

When Information Theory Meets Algebra and Topology

Friday, August 5, 2:00 pm - 2:50 pm, Salon GH

STUDENT ACTIVITY SPEAKER

Allison Henrich, *Seattle University*

How to Turn Your Knots from Blah into Fabulous

MAA PAVILION EVENTS

Events will be held in the MAA MathFest Exhibit Hall specifically in the MAA Pavilion, booths: 412 - 417 and 514 - 518

World Premiere of the 2022 MAA Award Winner Video and Champagne Toast

Wednesday, 6:30 pm - 7:30 pm

Host: Jenny Quinn, *MAA President, University of Washington, Tacoma*

Kick off MAA MathFest and celebrate the 2022 MAA Award winners in writing, research, teaching, and service. The video premiere will highlight the mathematicians leading the way in communication, community, inclusivity, and teaching & learning.

***MAA Writing Award Winners Prize Session**

Thursday, 12:00 pm - 1:00 pm

Host: Jenny Quinn, *MAA President, University of Washington, Tacoma*

The MAA Prize Winners will be celebrated throughout MAA MathFest. We invite everyone to join us and congratulate the winners of the Allendoerfer, Evans, Halmos-Ford, Pólya, Solow, Beckenbach, Chauvenet, and Euler Awards.

MAA Backgammon Game Hour

Thursday, 1:30 pm - 3:00 pm

Host: Michael Pearson, *Executive Director, Mathematical Association of America*

Join us for a round of backgammon at the MAA Pavilion! It's a fun and exciting game where players with a good mathematics background have a decisive advantage. Boards will be set up and ready for action! We'll have folks on hand to get newcomers to backgammon started. Stop by to join the fun!

***Mathematicians and Data Science**

Thursday, 2:00 pm - 3:00 pm

Hosts: Rick Cleary, *Babson College*, and **Carol Baxter**, *Mathematical Association of America*

The MAA is working on several fronts to help mathematicians shape their curriculum to encourage students in data science. One exciting initiative is a planned MAA journal devoted to this emerging field. Rick Cleary (Babson College), Carol Baxter (MAA Senior Director of Publications), and other members of the community will be on hand to meet with those who would like to learn more, and become involved in the project, and discuss the math/data interface with colleagues.

What's new in WeBWork 2.17?

Thursday, 2:00 pm - 3:00 pm

Host: Monica VanDieren, *Robert Morris University, and The WeBWork Project*

Attend this session to get your questions answered and learn more about the new features in WeBWork version 2.17.

MAA PAVILION EVENTS

***MAA Service, Teaching, and Research Award Winners Prize Session**

Friday, 12:00 pm - 1:00 pm

Host: Jenny Quinn, *MAA President, University of Washington, Tacoma*

The MAA Prize Winners will be celebrated throughout MAA MathFest. We invite you to join us and congratulate the winners of the MAA Award for Inclusivity, Meritorious Service, Gung and Hu, Alder, Dolciani, Haimo, and Selden Awards. The second in a series of activities to celebrate and recognize the people that bring their wits, strength, and love to help the MAA community flourish.

MAA Backgammon Game Hour

Friday, 1:30 pm - 3:00 pm

Host: Michael Pearson, *Executive Director, Mathematical Association of America*

Join us for a round of backgammon at the MAA Pavillion! It's a fun and exciting game where players with a good mathematics background have a decisive advantage. Boards will be set up and ready for action! We'll have folks on hand to get newcomers to backgammon started. Stop by to join the fun!

***BIG Career Interview Card Game**

Friday, 3:00 pm - 4:00 pm

Host: Grace Murrin, *Mathematical Association of America* and **Martina Freed**, *Mathematical Association of America*

Come check out MAA's new card game that makes interviewing for a new career fun and informative! This card game was created specifically for students who are studying mathematics and ready to enter the career field.

Playing the card game will prepare you for answering those tough interview questions, share various job opportunities for those who study mathematics, and offer insight on guidelines set by the US Equal Employment Opportunity Commission.

*Light refreshments will be served.

Additional MAA Pavilion events include:

MAA MathFest crossword puzzle

Complete the puzzle for a chance to win an Amazon Gift Card.

MAA Grant Opportunities

Every fall, MAA Programs releases its Call For Proposals for math outreach programs. Check out our Tensor and Dolciani Mathematics Enrichment Grants programs for opportunities to submit a proposal.

New OPEN Math Program!

This joint project with CU-Boulder has \$2.75M in funding from NSF. It will support more than 40 online professional development workshops throughout the next 4 years. Be on the lookout for future opportunities to participate!

MAA PAVILION EVENTS

Distinguished Lecture Series

MAA has relaunched its Distinguished Lecture Series, now in a virtual format! Sign up for event email reminders!

Member Recognition.

Come celebrate your 25 or 50-year milestone with a special member lapel pin. Not a long-term member? We still want to celebrate you with a ribbon for your MAA Section and/or SIGMAA.

MAA American Mathematics Competitions Daily Challenge.

The MAA AMC team is back to challenge you with sample competition problems. There will be a new problem each day. Join the challenge for a chance to win one of our daily prizes.

Popcorn and a Movie.

Join us in the MAA Pavilion Friday afternoon for some popcorn and catch the short virtual tour we made about our historic headquarters in Washington, D.C.

What else can you look forward to?

- MAA MathFest Crossword Puzzle
- Lots of Prizes and Candy
- Membership Renewals
- Not a Member? Try our raffle for a chance to win a complimentary MAA membership!
- ...And much more!
