American Mathematics Contest 10A (AMC 10A)

American Mathematics Contest 12A (AMC 12A)

Section 1 – Student

This disclaimer statement is to be completed by all students taking the **AMC10A/AMC12A** in their school on the scheduled date of the contest, but at a later time from the other students, due to the requirement of attendance at an official academic function, which conflicted with the regularly scheduled time of the administration of the **AMC10A/AMC12A**. Reexamination may be requested if, after an inquiry, there is a reasonable basis to believe that a high score is well beyond a student's ability due to extremely lucky guessing, dishonesty or some other circumstance.

I certify that prior to my taking of the **2007 AMC10A/AMC12A** on **Tuesday, February 6, 2007**, I had absolutely no contact or communication with any student who participated in the contest, nor had I seen any of this year's contest questions.
