American Mathematics Contest 12B (AMC 12B)

Section 1 – Student

This disclaimer statement is to be completed by all students taking the AMC10B/AMC12B in their school on the scheduled date of the contest, but at a later time from the other students, due to the requirement of attendance at an official academic function, which conflicted with the regularly scheduled time of the administration of the AMC10B/AMC12B. Reexamination may be requested if, after an inquiry, there is a reasonable basis to believe that a high score is well beyond a student’s ability due to extremely lucky guessing, dishonesty or some other circumstance.

I certify that prior to my taking of the 2007 AMC10B/AMC12B on Wednesday, February 21, 2007, I had absolutely no contact or communication with any student who participated in the contest, nor had I seen any of this year’s contest questions.
