**AMC** AMERICAN  
MATHEMATICS  
COMPETITIONS

**AMC 8**

**THE OFFICIAL TEACHER'S MANUAL**

The AMC 8 is a 25-question, 40-minute multiple-choice exams in middle school mathematics designed to develop students' problem-solving skills and interest in mathematics.

## ELIGIBILITY

### Student Eligibility:

Students must be in grade 8 or below and also under 15.5 years of age on the day of the competition.

**The MAA AMC is hosted by educational organizations with physical premises for on-site test-taking:**

Schools - Universities - Learning Centers - Math Circles

Legitimacy of the organization must be verified during registration. A small fee can be charged to cover the cost of administering the competition. Home schools are not allowed.

**The AMC is registered and administered by a Competition Manager (CM). A CM is:**

- An adult not related to any of the participants
- Affiliated with the host organization and needs to demonstrate this affiliation

Under no circumstances may a parent or guardian of an AMC student register for the competition.

## REMINDERS:

**Students can only take the AMC 8 once during Competition Week.**

**Remote proctoring is not allowed.**

**Students cannot discuss problems until after 8 a.m. ET the following day.**

**Print & Scan: If you do not see scores after uploading, your answer sheets were flagged for manual review. You may rescan for faster processing.**

# PERMITTED MATERIALS

During the competition, students are only allowed:  
writing utensils - blank scratch paper - rulers - erasers

Prohibited materials include:

calculators - smartwatches - phones - computing devices - compasses - protractors -  
graph paper

## INCLEMENT WEATHER AND SCHOOL CLOSURES

If school is canceled on the day that the AMC 8 was scheduled, the competition manager can administer the AMC 8 on a different day as long as it falls within the AMC 8 competition period. **We recommend aiming to schedule the AMC towards the beginning of the week to ensure this flexibility.**

The AMC 8 cannot be administered after the final day of the competition period.

As a reminder, **remote proctoring is not permitted as an alternative.** Any students found to have taken the AMC 8 remotely will have their scores canceled.

## POST-COMPETITION DISCUSSION RULES

As schools administer the competition worldwide throughout Competition Week, it is imperative problems and solutions are not discussed in any online or public forum until the **day after the competition period ends** at 8 a.m. ET.

Reproduction or dissemination via phone, email, or digital media of any type is a violation of the competition rules.

Students will be disqualified.

### Classroom Tip!

After Competition Week, set aside class time to discuss problems and solutions.

# STUDENT ACCOMMODATIONS

**Competition Managers must make arrangements consistent with the participant's accommodation plan.**

**The AMC 8 participant accommodations for physical and learning disabilities include:**

- A time extension for 60 minutes, and/or
- A teacher or a school administrator reading the questions aloud and marking the answers as directed by the participant

## **Student Accommodations for the Digital Administration Format**

- Please submit the student accommodations form on the [AMC Platform](#) (under "Competition Resources") after registration to secure an extension to the student's digital countdown clock.

## **Translations, Braille, and Large Print**

Chinese, French, and Spanish translation booklets will appear in your Competition Administration portal on the "Competition Booklet" page, and can be administered using the Print & Scan format.

Large print accommodations can be met by administering the competitions digitally and using the zoom feature on the browser window.

Braille competitions will be mailed to CMs, and must be returned by mail.

# SPECIAL FEATURE FOR THE AMC 8

**For Digital Administration:** Digital competitions will have a countdown clock on the platform to help pace and guide students. However, the system will not automatically submit the competition when the clock runs out due to younger students often needing more flexibility for internet problems or unexpected interruptions. **CMs are responsible for timing students independently and reminding students to press the submit button.**
