

Author Declaration Form for the *American Mathematical Monthly*

When Submitting to the *American Mathematical Monthly* authors must include the following items.

- A title page that includes the following
 - The title of the manuscript being submitted
 - Each author's name and
 - Their institution or University
 - City
 - Country
 - Email Address
 - The corresponding author needs to be clearly identified.
- A Cover Letter
- The author's manuscript

The key words and abstract must match what is entered in the T&F Submission Portal.

- A manuscript with author details and includes the following
 - Author's Names
 - Funding Information if applicable (if it is not applicable, please but n/a after funding information)
 - An author's contribution statement with each author's name and list of contributions. For more information, you may read [this](#) or see the following page with examples of author contribution statements.
 - A Conflict-of-Interest Statement
 - Each author must be named.
 - If no one has a conflict of interest to report, please state that.
 - Author Biographies
- A manuscript without author details (anonymized)
 - This manuscript should not have author names, contribution statements, or a conflict-of-interest statement with the author's names listed or funding information.
